

JANUARY 2010 TRAINING CALENDAR

New Year's Eve Fun Facts: December 31, 1879

Let there be light! On New Year's Eve 1879, Thomas Edison gives a public showing of his new invention, the electric incandescent lamp. The world has never been the same since.

New Year's Eve Fun Facts: December 31, 1907

The first New Year's Eve Ball, made of iron and wood and adorned with one hundred 25-watt light bulbs, was 5 feet in diameter and weighed 700 pounds. It was built by a young immigrant metalworker named Jacob Starr, and for most of the twentieth century the company he founded, sign maker Artkraft Strauss, was responsible for lowering the ball.
