

School, Youth Group, Scout Troop, or Faith Community

Thank you for your interest in The Family Tree's *Stand for Children – Pinwheels for Prevention* campaign. The goal of this effort is to demonstrate the role each of us can play in building strong families and communities. Here are some fun ways that your school, youth group, scout troop, or faith community can get involved. Please contact The Family Tree at 410-889-2300 for more information or if you have any questions.

- Build Your Own Pinwheel Garden – Design and create your own pinwheels and display them in a pinwheel garden at your school. We have an easy template for you to follow.
- Design a Pinwheel – Visit our website www.standforchildrenmd.org and design your own virtual pinwheel. Help Our Garden Grow by adding it to our virtual garden. Don't forget to add your personal message on why you "Stand for Children." This is a fun project to do as a family.
- Spread the Word – Share your Pinwheel with a friend via Facebook, MySpace or email others to join us. Help us grow 1,000 pinwheels in our Garden by the end of April.
- Seek permission from your school administration to distribute *Stand for Children* fact sheets to student's families.
- Link the school's social media page to the *Stand For Children* Campaign – www.standforchildrenmd.org.
- Speak to your youth group about *Stand for Children* and what you can do to help.
- Put together a yard sale or bake sale to benefit *Stand for Children*.
- Sell pinwheels for \$1 at school or place of worship.
- Come up with your own great ideas to spread the word.
